AMENDMENT UNDER 37 C.F.R. § 1.114(c)  
U.S. Application No. 09/702,737

**AMENDMENTS TO THE CLAIMS**

**This listing of claims will replace all prior versions and listings of claims in the application:**

**LISTING OF CLAIMS:**

21. (Currently Amended) A teleconferencing system  
for conducting a teleconference  
among a plurality of participants comprising:
- (a) a plurality of video display devices each having associated
    - (i) participant video capture capabilities, and
    - (ii) participant audio
      - (1) capture and
      - (2) reproduction capabilities; and
  - (b) at least one communication path
    - (i) along which signals
      - (1) representing participant audio and video
    - (ii) can be transmitted,
- wherein the system is configured to
- (a) display
    - (i) a first and a second directory each including potential video-enabled participants in which
      - (1) the first directory is viewable by all potential video-enabled participants, and
      - (2) the second directory is a subset of made by copying fewer than all entries from the first directory and is viewable by a single participant,
    - (ii) on at least one video display device; and

- (b) to initiate collaboration
  - (i) upon a selecting participant establishing communication
    - (1) with a selected participant
    - (2) to define the teleconference.
- 22. (Previously presented) The teleconferencing system of claim 21, wherein
  - (a) the second participant directory includes at least one of the group consisting of
    - (i) displayed icons and text
    - (3) representing the potential participants.
- 23. (Previously presented) The teleconferencing system of claim 21, wherein
  - (a) a selecting participant can
    - (i) select
      - (1) at least one of the participants and
      - (2) at least one of a displayed set of additional communication types;

and

wherein the system is further configured to

  - (i) establish communication
    - (1) of the selected type
    - (2) with a selected participant.
- 24. (Previously presented) The teleconferencing system of claim 23, wherein
  - (a) the set of additional communication types includes at least one of:
    - (i) data conferencing, videoconferencing, telephone conferencing, sending faxes, sending electronic mail, and the sending of multimedia mail messages.
- 25. (Previously presented) The teleconferencing system of claim 23, wherein
  - (a) the selecting participant can use
    - (i) at least one computer graphic user interface
    - (ii) to select
      - (1) at least one of the participant(s) and/or

- (2) at least one of the communication types.
26. (Previously presented) The teleconferencing system of claim 23, wherein the system
- (a) defaults
    - (i) to a default communication type
    - (ii) upon selection of a participant.
27. (Previously presented) The teleconferencing system of claim 21, wherein the system is further configured to allow a participant:
- (a) to select
    - (i) a further participant
    - (ii) from the potential teleconference participants and
  - (b) add
    - (i) the new participant
    - (ii) to the teleconference.
28. (Previously presented) The teleconferencing system of claim 21, wherein the system is further configured to:
- (a) allow
    - (i) at least one participant
    - (ii) access
      - (1) to at least one audio and/or video signal source; and
  - (b) reproduce
    - (i) audio and video
      - (1) based on signals
      - (2) from the accessed signal source
    - (ii) for another participant.
29. (Previously presented) The system of claim 21, wherein
- (a) a selecting participant case
    - (i) select

- (1) at least one of the participants
  - (2) using a hot key.
- 30. (Currently amended) A method for conducting a teleconference among a plurality of participants, each having an associated video capture and display and audio capture and reproduction capabilities, the method comprising the steps of:
  - (a) displaying
    - (i) a first and a second directory each including potential video-enabled participants in which
      - (1) the first directory is viewable by all potential video-enabled participants,
    - and
    - (2) the second directory is ~~a subset of~~ made by copying fewer than all entries from the first directory and is viewable by a single participant
  - (b) selecting
    - (i) one or more participants
      - (1) from among a plurality of the displayed potential participants; and
  - (c) establishing communication
    - (i) with a selected participant
    - (ii) to define the teleconference.
- 31. (Previously presented) The method of claim 30, wherein
  - (a) the second participant directory includes at least one of the group consisting of
    - (i) displayed icons and texts
      - (1) representing potential participants.
- 32. (Previously presented) The method of claim 30, further comprising the steps of:

**U.S. Application No. 09/702,737**

- (a) selecting
    - (i) one or more desired participants
    - (ii) from the first directory; and
  - (b) selecting
    - (i) one or more desired participants;
    - (ii) from the second directory; and
  - (c) establishing communication
    - (i) with all selected participants.
33. (Previously presented) The method of claim 30, further comprising the steps of:
- (a) selecting a communication type,
    - (i) from a displayed set of additional communication types; and
  - (b) establishing communication
    - (i) of the selected type,
    - (ii) with each selected participant(s).
34. (Previously presented) The method of claim 33, wherein
- (a) the set of additional communication types includes at least one:
    - (i) data conferencing, videoconferencing, telephone conferencing, sending faxes, sending electronic mail and sending multimedia mail messages.
35. (Previously presented) The method of claim 33, wherein
- (a) the step of selecting
    - (i) one or more participants
    - (ii) invokes a default communication type.
36. (Previously presented) The method of claim 30, further comprising the steps of:
- (a) selecting
    - (i) a new participant
    - (ii) from among a plurality of potential teleconference participants; and
  - (b) adding
